FUND THE MISSION

HOW YOU CAN HELP

If you are interested in funding the Amschwand Sarcoma Cancer Foundation's mission, we welcome your support.

Shared Families/Corporate Apartment Program

ASCF provides more than short-term housing to out-of-town patients seeking cancer treatment in the Texas Medical Center; we provide peace of mind and a "home away from home". Everybody needs a safe place to land at the end of a tiring day. Being both sick and from out-of-town, patients and caregivers do not have time to research places to live, much less the resources it takes to pay for housing at home and in Houston. For less than \$1900, we are able to provide a month's worth of housing to a family...or a week's worth to multiple families.

I'D LIKE TO SPONSOR:

- one apartment for one week (\$475)
- one apartment for one month (\$1900)
- one apartment for one year (\$22,800)
- an apartment in the amount of \$ _____

Research Grants

As one of the most aggressive forms of cancer affecting both children and adults, sarcoma specialists need the best tools in their arsenal to fight the disease. At the same time, funding for less common forms of cancer is extremely limited. This is especially true for new researchers. By providing "seed money" to the best and brightest researchers, we can encourage them to enter the field and to explore ideas which may lead to life saving treatments.

I'D LIKE TO SHARE IN SPONSORING A SARCOMA RESEARCH GRANT:

- at the \$100 level
- at the \$100 level
- at the \$500 level
- at the \$1,000 level
- at the \$5,000 level
- at the \$ _____ level

Awareness

We cannot find solutions to problems we do not know exist, therefore increasing awareness of sarcoma and the needs of those affected by it is crucial to our success.

I'D LIKE TO SHARE IN SPONSORING ASCF'S AWARENESS EFFORTS:

- at the \$100 level
- at the \$250 level
- at the \$500 level
- at the \$1,000 level
- at the \$5,000 level
- at the \$ _____ level
